

Alen Sebastian

alensebastian.in | +91 6238983002 | alensebastian632@gmail.com | [LinkedIn](#)

Cybersecurity professional specializing in ethical hacking, red teaming, and offensive security. Experienced in adversary emulation, phishing simulations, vulnerability assessments, and penetration testing across diverse environments. Active participant in Capture the Flag (CTF) competitions and security communities, applying hands-on experience from labs and real-world simulations to strengthen technical expertise. Dedicated to continuous learning, offensive tactics, and staying ahead of evolving threats. Eager to contribute to a forward-thinking security team where innovation, collaboration, and impact matter.

EDUCATION

Marian College Kuttikkanam Autonomous Bachelor of Computer Application's	2021 - 2024
ST. Thomas HSS Erumely Higher Secondary Certificate	2019 - 2021
Little Flower Public School Kollamula High School Certificate	2018 - 2019

EXPERIENCE

Gladius & Schild Security Consultant (Cybersecurity & Assurance Services)	2024 - present
- Conducted Vulnerability Assessment and Penetration Testing (VAPT) across web applications, internal and external networks, and Android applications. - Led two security assessment projects, managing execution and final reporting. - Performed red team activities, simulating real-world adversary techniques to assess detection and response. - Designed and executed phishing simulation campaigns to evaluate employee security awareness.	

CERTIFICATIONS

- Junior Penetration Tester V2 (eJPTV2) (2025)
- Certified AppSec Practitioner v2 (CAP) (2025)
- Certified Network Security Practitioner (CNSP) (2025)
- APIsec Certified Practitioner (ACP) – From APIsec University (2025)
- Ethical Hacker – From Cisco (2023)

SKILLS & INTERESTS

Skills: Penetration Testing, VAPT, Web and Network Security, Android Security, Vulnerability Management, SQL Injection, Network Exploitation, Social Engineering, Phishing, Linux, IoT Security, Risk Exposure Management, Technical Security Awareness.

Interests: Reading, listening to music, Writing, Building PC's, Watching Movies, Bug Bounty Hunting, Doing CTF challenges.
